

# Iridium 9555 Satellite Phone

Global mobile satellite phone

The Iridium 9555 is Iridium's global mobile satellite phone, offering portable satellite communications anywhere on the Earth's surface. From distant rigs to pitching decks, backing deserts to frozen ice packs, the Iridium 9555 satellite phone can handle any environment. Rugged and reliable, the phone is engineered to withstand the world's toughest environments, and although small and compact, it offers significant power.
