

# Iridium GO!

Satellite connectivity via your smartphone

Powered by the world's furthest reaching network, this compact, rugged and portable unit provides global voice and text messaging for smartphone users, with light data capabilities offered through optimized apps. Users can connect up to 5 smartphones, tablets or laptops at a time to this fully portable device which can also be mounted with an external antenna on vehicles and boats for mobile applications.\*

\*Iridium-provided apps available for Apple iOS 6 & 7 and Android 2.3.x Gingerbread, 3.x.x Honeycomb, 4.0.x Ice Cream Sandwich, and 4.1.x/4.2 Jelly Bean with updated versions to be made available to follow Android releases.

\*\*Requires active Iridium SIM subscription, proper SOS configuration, online registration with GEOS, and acceptance of the terms of use for global response service in the event of an emergency.

## Features and Benefits

- Wi-Fi**  
 With data speeds of 2.4kbps, the Iridium GO! creates a Wi-Fi hotspot with approximately a 30.5 meter (100 foot) radius allowing for light data capabilities.
- Voice and SMS Services**  
 Provides reliable, global voice communications including call forwarding and call waiting facilities, and two-way SMS capability.
- Multi-User**  
 Designed for a multi user environment allowing for the connection to be shared by up to 5 devices.
- Easy Installation**  
 Simply flip up the integrated antenna and the battery-powered unit connects quickly and automatically to the Iridium LEO satellite constellation to create an anywhere Wi-Fi hotspot.
- Durable and Robust**  
 Designed for inclement weather with MIL-STD 810F and IP65 ratings, the unit is jet water resistant, shock resistant and dust-proof.
- Portable and Lightweight**  
 Small enough to fit in your pocket, easily carried or stowed in your backpack, or mounted on vehicles for mobile applications.
- GPS Tracking**  
 Integrated GPS location services with positioning and online tracking.
- Emergency Services**  
 Emergency SOS button with global response service included (GEOS)\*\*
- Applications**  
 Offers a developers program, certification program and an open application development kit, optimized for Iridium partners to build applications, extending communication capabilities even further in remote locations.
- Global Coverage**  
 The only truly global satellite communications service.

## IRIDIUM COVERAGE

This map depicts Iridium's expectations of coverage, but does not represent a guarantee of service. The availability of service fluctuates depending on various conditions. Coverage September 2010.

### ADDITIONAL FEATURES

- Compatible with external antenna accessories.
- Accessories to install inside vehicles or buildings.

### TECHNICAL SPECIFICATIONS

#### Dimensions

111 x 83 x 32 mm (4.5" x 3.25" x 1.25" in)

#### Durability Specifications

- Ingress Protection (IP65)
- Military-Grade ruggedness (MIL-STD 810F)

#### Standby Time

>16 (hrs)

#### Talk Time

>7 (hrs)

#### Hotspot Radius

30.5 (m)

### CONNECT THROUGH APPS

Download, install, configure and connect with the Iridium-optimized applications, available for Apple® and Android™ devices.

#### Iridium GO!

- Iridium GO! status bar
- Iridium GO! battery life
- Send quick GPS or check-in message
- Configure settings
- Send twitter post
- Initiate voice call
- Set up Wi-Fi data call
- Activate Emergency SOS

#### Iridium Mail and Web

- Draft and view emails offline
- Configure email size to minimize connection time
- Queue up emails to be sent up to 15 x faster than web-based services.
- Block pop ups, remove ads and background images.
- Compress web pages for download speeds of 3-5x faster than uncompressed pages.

### USAGE CONTROL FEATURES

- Automatic display call timer
- Automatic lock
- Call restrictions
- Display call timers (last call/total call)
- Display/Change unlock codes
- Subscriber identity module PIN

### IN THE BOX

- Iridium GO! device
- Battery
- Universal AC Travel Charger
- USB Charging/Data Cable
- Four International Adapters
- AC Adapter (Car Charger)
- Protective Cover
- User Manual
- Legal Information Booklet
- GEOS Emergency Services Brochure

### APPLICATIONS

- Pilots, boaters and truckers
- Adventurers and explorers
- Remote residents and vacationers
- Emergency and first responders
- Global and business travelers
- Global enterprise
- Executives and diplomats
- Foreign missions
- Government and NGO's
- Military operations
- M2M applications
- Anyone out of cellular range
