

# Thuraya XT-LITE

Simple, Reliable and Affordable Satellite Phone

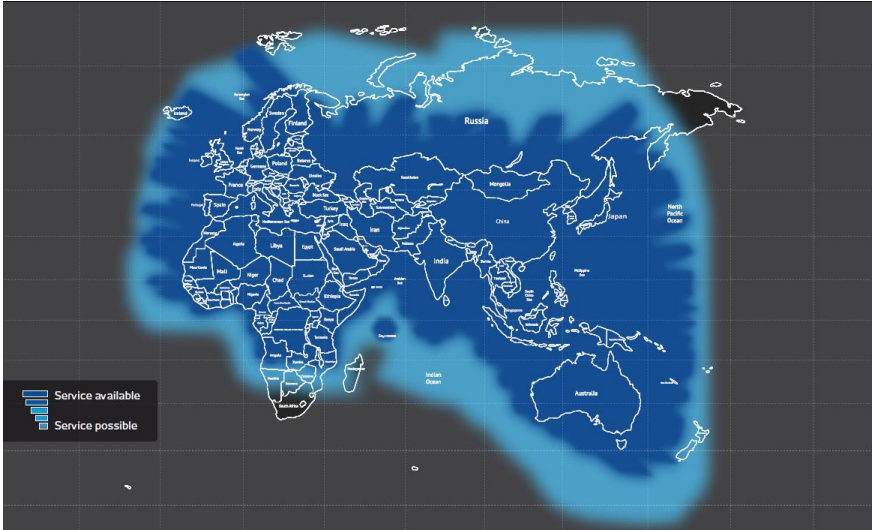

The Thuraya XT-LITE provides reliable satellite phone connectivity with unbeatable value through an easy to use handset. It is designed for cost-conscious users who need to stay securely connected, without compromising on a clear and uninterrupted connection. Make phone calls and send SMS messages in satellite mode whether you are crossing the desert, sailing at sea or climbing mountains.

## Features and Benefits

- **Voice Services**  
The advanced omni-directional antenna ensures uninterrupted communications, offering seamless walk-and-talk functionality for calls-on-the-go
- **SMS**  
Send SMS messages in satellite mode whenever there is no terrestrial network available.
- **Reliable**  
The Thuraya XT-LITE enables you to receive a call notification even with the satellite antenna stowed, keeping you connected at all times
- **Extended Battery Life**  
Thuraya XT-LITE enables reliable communications with a long-lasting battery which provides up to six hours talk time and up to 80 hours standby time.
- **Easy to Use**  
Simply charge your phone and ensure that your SIM card is working. It's that simple. You can then program the Thuraya XT-LITE to one of the 12 languages available.
- **Coverage**  
Thuraya's satellite network is renowned for having the most reliable satellite coverage, including approximately 160 countries or two-thirds of the globe

## THURAYA COVERAGE

Thuraya's robust satellite network provides coverage scanning over 140 countries in Europe, Africa, the Middle East and West Asia
